Empowering People, Enriching Lives

Training for Tomorrow

Established in 2006, the Skills Training & Management Institute in Kaduwela equips youth with modern construction knowledge and practical skills.

This training improves employability both locally and overseas, creating a skilled workforce ready to meet industry demands. Many graduates join Sanken or are placed with other organisations after completing the programme.

Award-Winning Initiatives

Recognised by the Ceylon Chamber of Commerce with a Certificate of Merit in 2008 for Education and Training, honouring the Institute's role in advancing skills and ranking Sanken among Sri Lanka's 10 most socially responsible corporates.

How It's Coordinated

Our Coordianated Approach

The Sanken Group brings together developers, designers, service providers and construction specialists under one coordinated framework.

Each subsidiary plays a defined role from concept and design to engineering services and execution, ensuring seamless delivery across projects worldwide.
